The M-T-G is great stuff, works wonders on the skin rash that my horses suffer from. I will be a regular customer.

“Anyone that the wet and mud is giving your horses legs problems this is a must... I have been using it on horses that go into the field every day and it is **THE** only thing that has actually worked. Then I started using it on a 2 year old with sweet itch and already seeing the results. Really recommend.....” **Denise Foster (Enfield Co. Meath)**
